### **All Capernaum Field Trips Have Access to the following based on reservations:**

**First Century Village** - The village located in the center of the property making it easily accessible to the garden, the pavilion, the Sanhedrin, the parking lot, and the Hilltop House. The village is made to look like an authentic first century village, it has 7 stone buildings each with indoor-outdoor access. Roof access is available on all the buildings. There is an upstairs room and open air upstairs room. A well sits in the center of the village and a cave/stable on the west side of the village. Crushed granite is on the ground.

**Statue Garden** - This is a 30,000 sq. ft., beautifully landscaped Statue Garden. It begins at the Garden of Eden and travels through various Bible stories with amazing structures and features such as Noah's Ark, Moses parting the Red Sea, and the Passover area. The tomb Jesus was buried in is complete with a stone that rolls!

**Marketplace** - The Marketplace is a central location just down from the Garden and right next to the Village. This area is a themed area we use for vendors during our live productions and is a great place to have lunch on our picnic tables. Seating to accommodate 100-150 people. There are convenient restrooms adjacent to the Marketplace and Village.

**Capernaum Theater** - The Capernaum Theater is conveniently located in the Marketplace area and is a cozy, first century themed movie theater. We can show any movie or video you prefer, seating 50 people comfortably.

**Pak Pavilion** - This 2000 sq. ft. pavilion is located at the exit of the Statue Garden and just up the stairs from the village. This enclosed area with adjoining kitchen is fully equipped with a screen and projector for your media needs. The pavilion also has adjoining restrooms and has central heat and air. This is great for cast and crew meals. We provide tables and chairs with set up upon request. Seats 75-100 people.

**Synagogue/Temple** - This location is an enclosed 1400 sq. ft. room with stone stamped concrete flooring made to look like the Temple of Jerusalem. This room features 10 ft. ceiling with reed and cedar finishes. It has central heat and air, great sound system and large screen TV. All of the modern day conveniences are masked with first century décor to keep your film shoot authentic.
