Reservations are required to use the Village, Marketplace, Pavilion and Theater (based on availability).

Upon receiving your deposit, we will send you a special request form where you can make your reservation requests. There is no additional charge to use these facilities pending availability. This form must be submitted at least 10 days prior to your event unless your event has been scheduled less than 10 days in advance in which case you will need to submit the form with your deposit. Capernaum staff will be on property during regular business hours conducting tours and property business. Capernaum staff reserves the right to use these facilities with the exception of the Hilltop House.

The following facilities require reservations and are based on availability.

First Century Village - As you stroll through the Village you will see several stone houses with indoor-outdoor access all dressed in period props. Be sure to visit the cave where Jesus was born, and then climb the stairs to see the upper room where Jesus and His disciples experienced the last supper. The village is set with period props made to look resemble an authentic first century village where Jesus resided.

Marketplace - The Marketplace is a central location just down from the Garden, right next to the Village. This themed area is used for vendors during our live productions and is a great place to have lunch on picnic tables seating 100-150 people. There are convenient restrooms adjacent to the Marketplace and Village.

Capernaum Theater - You will have access to the Capernaum Theater which is conveniently located in the Marketplace area and is a cozy First Century themed movie theater where you can use the equipment to show your own video. Seating 60 people comfortably.

Pak Pavilion - Yon Sim Pak Pavilion is named after the much-loved sculptor of our statues. The pavilion is located at the exit of the Statue Garden and is also a great place for meals and meetings. This fully-enclosed space features an adjoining kitchen and is equipped with a screen and projector for your media needs. The Pavilion can seat approximately 75-100 people at a time and is equipped with 100 chairs and includes 8-8 ft rounds tables and 6-6 ft round tables.
